John

Well, it didn't take long for the Liberals to spend up big.

On Wednesday, households in Melbourne started receiving a very large, very expensive looking brochure in their mailbox.

We know this is just the beginning.

[The Liberals are spending a massive amount of money to drown out our message and we need your help.](#)

Meanwhile, Daniel Andrews headed out this morning on our official campaign bus.

As you can see from the picture above, we've made it pretty clear what an Andrews Labor government will do.

But there's a long way to go in this election campaign.

[Can you chip in \\$20 to help our supporters have the one-to-one conversations that Labor's campaign is all about?](#)

Labor believes people come first. It's the biggest difference between us and the Liberals.

Can you donate today to help us tell the rest of Victoria?

Yours
